

# Privacy Policy – Simple QR Maker

**Effective Date:** October 2025

**Developer:** Rashad Shirizada

**Contact Email:** simpleqrmakerapp@gmail.com

---

## 1. Introduction

Simple QR Maker (“the App”, “we”, “us”, or “our”) provides tools for creating QR codes for personal or business use.

This Privacy Policy explains how we handle user information when you use the App.

We value your privacy and are committed to ensuring that no unnecessary or sensitive data is collected.

## 2. Information We Collect

The App does **not** collect, store, or share any personally identifiable information (PII).

All QR codes are generated locally on your device.

We do **not** transmit any text, URL, Wi-Fi credentials, or other data to external servers.

We do not use analytics, tracking, or advertising SDKs.

## 3. Device Permissions

The App may request limited access to certain features of your device in order to function properly:

- **Photo Library / Files:** if you choose to save a generated QR code image to your device.
- **Share Sheet Access:** to allow you to share the QR code through other apps.

These permissions are used **only** when you explicitly perform those actions.

## 4. Third-Party Services

The App does not use or integrate with any third-party APIs, servers, or analytics tools. All operations are performed entirely on your device.

## **5. Data Retention**

Since the App does not collect or store any data, no personal information is retained or transmitted.

## **6. Children's Privacy**

The App is suitable for all age groups.

We do not knowingly collect personal data from children under 13 years of age.

## **7. Security**

Because no personal data is collected or transmitted, there is no risk of external data exposure. All processing occurs locally on your device.

## **8. Changes to This Policy**

We may update this Privacy Policy from time to time.

If a material change occurs, the updated policy will be made available within the App and/or on the App Store listing page.

## **9. Contact Us**

If you have any questions or concerns about this Privacy Policy, please contact:
